FAQs:

General FAQs:

1. What is a sub-limit?

Sub-limit is the fraction of the overall limit which can be used under that sub-benefit. For instance, if the amount of your total benefits is ₹15,000 with a 'Prescribed Pharmacy' sub-limit of ₹4,000. When you claim prescribed medicine bills of ₹500, your overall benefit limit will be reduced to ₹14,500 from ₹15,000, and your Prescribed Pharmacy Benefit limit will be reduced to ₹3,500 from ₹4,000 after the claim deduction.

2. Who is eligible for the benefits under the plan?

The benefits can only be availed by the members listed under the plan. Benefits are not transferable to anyone else, even to family members, if not covered under the plan.

3. Will unused benefits be carried forward on repurchase?

No carry forward of any unavailed benefits is allowed, even on the repurchase of the benefits after the expiry of 1 year.

4. How long does it take to reimburse the claim amount?

The claim will be reimbursed within 72 working hours directly into the bank account.

5. Does the validity of prescription matter?

Yes. The prescription should not be older than 30 days (from claim submission).

6. What is the validity of chronic disease prescriptions like blood pressure, hypertension, diabetes, etc.?

The validity of chronic disease prescriptions is 90 days.

7. In how many days can one raise the claim for reimbursement?

Reimbursement claim should be raised within 30 days of availing any service.
